

## ASSIGNMENT 2

<b>Date</b>	26/9/22
<b>Name</b>	CHARULATHA.T.S
<b>Team ID</b>	PNT2022TMID54350
<b>Project Name</b>	Smart Waste Management System For Metropolitan Cities

Build a python code, Assume u get temperature and humidity values (generated with random function to a variable) and write a condition to continuously detect alarm in case of high temperature.

**Code:**

```
import random
```

```
while(True):
```

```
a=random.randint(10,99)
```

```
b=random.randint(10,99)
```

```
if(a>35 and b>60):
```

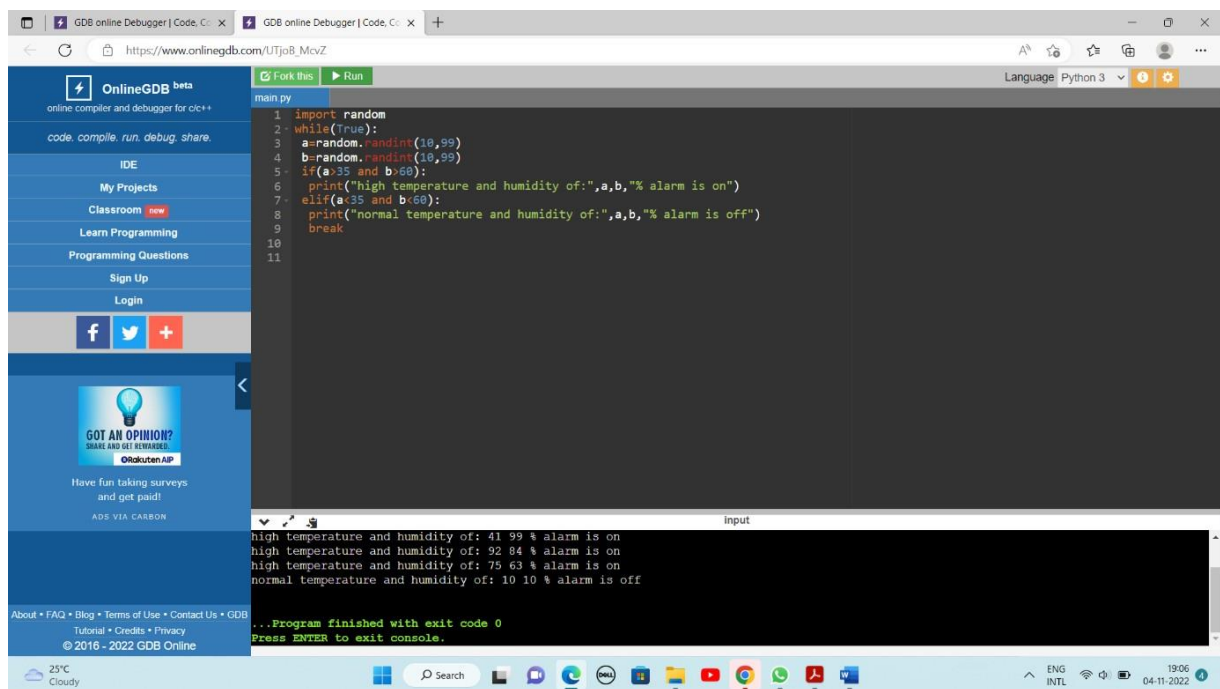

```
print("high temperature and humidity of:",a,b,"% alarm is on")
```

```
elif(a<35 and b<60):
```

```
print("normal temperature and humidity of:",a,b,"% alarm is off")
```

```
break
```

## Output:

The screenshot displays the OnlineGDB web interface. On the left is a blue sidebar with navigation links: 'code, compile, run, debug, share', 'IDE', 'My Projects', 'Classroom', 'Learn Programming', 'Programming Questions', 'Sign Up', and 'Login'. Below these are social media icons for Facebook, Twitter, and a general share icon. A promotional banner for 'GOT AN OPINION?' is also visible. The main area shows a Python script named 'main.py' with the following code:

```
1 import random
2 while(True):
3     a=random.randint(10,99)
4     b=random.randint(10,99)
5     if(a>35 and b>60):
6         print("high temperature and humidity of:",a,b,"% alarm is on")
7     elif(a<35 and b<60):
8         print("normal temperature and humidity of:",a,b,"% alarm is off")
9     break
10
11
```

The output console at the bottom shows the results of the program's execution:

```
high temperature and humidity of: 41 99 % alarm is on
high temperature and humidity of: 92 84 % alarm is on
high temperature and humidity of: 75 63 % alarm is on
normal temperature and humidity of: 10 10 % alarm is off
...Program finished with exit code 0
Press ENTER to exit console.
```

The browser's address bar shows the URL [https://onlinegdb.com/UTjoB\\_McvZ](https://onlinegdb.com/UTjoB_McvZ). The Windows taskbar at the bottom indicates the system time as 19:06 on 04-11-2022.
